شركة خالد لصناعة
Khalid Manufacturing Company

ABOUT US

Khalid Manufacturing Company, with its experience in the manufacturing of air distribution products in Qatar for more than three decades, has grown over the years by constantly upgrading its manufacturing processes and has earned the distinct reputation of being a local manufacturing facility offering products complying with international standards.

KMC, a proud subsidiary of the Jersey Group since the year 2000 and with a constant endeavor to manufacture products of international standards; the company acquired ISO 9001:2015 accreditation and invested on new manufacturing resources and Total Quality Management System to emerge as a regional manufacturer of international repute.

At its state of the art manufacturing facilities at new industrial area Qatar, KMC has the license to manufacture and sell some of the world's pioneering products.

- Air Distribution & Control products
- Life Safety Damper Products
- Sound Control Products

MISSION

"Our mission is to build a product portfolio which is profitable and sustainable with a focus on providing most reliable engineering solutions in the MENA region."

VISION

"Our vision is to be an industry leader in the MENA region by 2030, providing industry-leading solutions and becoming the partner of choice to our customers, business associates and employees whilst adhering to our core values."

OUR HISTORY

With a turnover in excess of 250Mn QAR and a workforce of over 600, Jersey Group has established itself as one of the leading trading, contracting and manufacturing conglomerate in Qatar and the region.

Achieving spectacular growth of 20% YoY, Jersey Group has proved to be a solid business performer for well over a decade providing superior technology and expertise to the construction industry in Qatar and the region. Jersey Group takes pride in associating with major development projects such as the Qatar Foundation, Asian Games Village, Museum of Islamic Arts, Qatar Petroleum, Qatalum and Barwa Village, to name a few. We take immense pride buy actively contributing to the nation building process with our all round participation in new world cup stadiums and rail projects.

OUR PRODUCTS

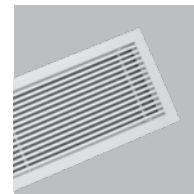

AIR DIFFUSERS

- Square Cone Diffusers
- Circular Diffusers
- Architectural Diffusers
- Perforated Diffusers
- Aluminium Linear Slot Diffusers
- Diffuser Jet Nozzle
- Spot Diffuser
- Induction Diffusers
- Swirl Diffuser

GRILLES

- Single Deflection Grilles
- Double Deflection Grilles
- Curved Blade Grilles
- Return Grilles
- Aluminium Linear Bar Grilles
- Heavy Duty Grilles
- Door Grilles

LOUVERS

- Architectural Louvers
- Sand Trap Louvers
- Fresh Air Intake Assemblies

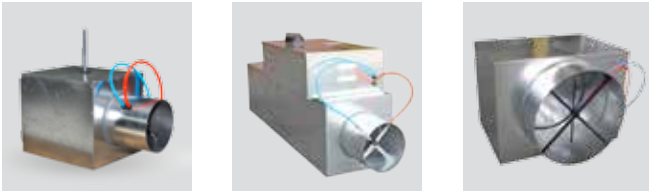

AIR TERMINALS

KMC manufactures a complete line of Air Terminal equipment designed to meet the needs of an energy efficient and safety conscious world. With energy costs escalating rapidly, the demand for more efficient products increases just as steadily.

KMC's in house Calibration & Testing facility ensures that our customers receive the highest quality of products meeting international standards.

KMC Air terminals are available in a wide array of control packages using electronic analog or factory installed direct digital (DDC) controls. Electric heating coils are available in various voltages and control steps.

- Single Duct Terminals
- Bypass Terminals

LIFE SAFETY DAMPERS

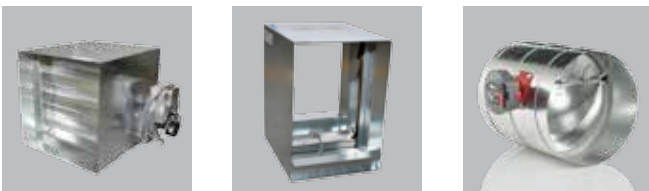

KMC manufactures the complete line of fire dampers and fire/smoke Dampers, under exclusive license from Louvers & Dampers, USA (a Mestek Inc, company) at our state of the art factory in Doha, State of Qatar.

Our philosophy is to provide our customers with the highest level of performance possible and to independently test and verify that the performance of our products meet the reliability standards that our customers require.

As HVAC systems have become more sophisticated, KMC has continued its role as an industry leader in developing state of the art UL classified life safety products including fire, fire/smoke and smoke dampers for both static and dynamic applications.

All Life Safety products are licensed to bear the UL label, meaning that they have been independently tested and certified to meet UL standards

SOUND CONTROL PRODUCTS

KMC manufactures a complete line of sound control products for commercial, institutional and light industrial HVAC systems. The toughest noise problems are thoroughly evaluated to provide you with the best acoustical designs that meet the highest standards in the industry.

- Independently tested to ASTM guidelines for acoustical and airflow performance with economical and proven solutions.
- Updated testing to the current E477 testing standards for the entire range of sound attenuators being offered.
